12. Sign and record a Covenant Running with Land agreement for the possible future installation of half-street improvements (including curb and gutter, sidewalks, street lighting, permanent paving and possibly fire hydrants and sewers) on Seventh Street adjacent to this site prior to the issuance of any permits for this site.
13. Meet with the Fire Protection Engineering Section of the Department of Fire Services to discuss fire requirements for the proposed use of this facility.
14. Submit an Encroachment Agreement for all landscaping and private improvements, if any, located in the 7th Street public right-of-way adjacent to this site prior to occupancy of this site.

**\*\* STAFF REPORT \*\***

**PROJECT DESCRIPTION**

This application is a request for a Site Development Plan Review (SDR-33426) for a proposed Tavern-Limited Establishment in an existing two-story, 7,632 square-foot building with an accessory 6,160 square-foot Commercial Recreation/Amusement Facility (Outdoor) that will serve as an outdoor performance venue.

There is a related request for a Special Use Permit (SUP-32171) for the Tavern-Limited Establishment use that will be heard concurrently with this proposal.

**BACKGROUND INFORMATION**

<b><i>Related Relevant City Actions by P&amp;D, Fire, Bldg., etc.</i></b>	
12/16/64	The City Council approved a Rezoning to C-2 (General Commercial) on the subject site as part of a larger request (Z-0100-64).
12/20/06	The City Council approved a request for a Special Use Permit (SUP-17310) for a proposed Tavern-Limited Establishment at 115 North 7th Street. The Planning Commission and staff recommended approval. NOTE: This entitlement expired on 12/20/07.
03/02/09	A Final Map (FMP-33456) technical review was approved and an action letter was sent for a reversion to acreage of approximately 0.32 acres at the Southeast corner of 7th Street and East Ogden Street. This map has not yet recorded.

## DEVELOPMENT STANDARDS

***Pursuant to Title 19.06.060, the Downtown Centennial Plan area exempts properties from the automatic application of building height limitations, setbacks, lot coverage, and standard parking requirements. The following development standards apply to this subject proposal:***

<b><i>Standard</i></b>	<b><i>Provided</i></b>
Setbacks <ul style="list-style-type: none"> <li>• Front</li> <li>• Side</li> <li>• Corner</li> <li>• Rear</li> </ul>	2'-6" 0' 0' 0'
Building Height	24 feet
Trash Enclosure	Located in an area adjacent to the rear of the alley with screening from the public right-of-way.
Mech. Equipment	Roof-mounted and screened from view. Additional equipment is located within an enclosure located adjacent to the rear alley.

<b><i>Streetscape Standards</i></b>	<b><i>Required</i></b>	<b><i>Provided</i></b>	<b><i>Compliance</i></b>
North-South Streets (Non-Major)  7 <sup>th</sup> Street	10-foot wide sidewalk with a five-foot wide amenity zone landscaped with 15-foot tall shade trees placed at 30-foot increments.	10-foot wide sidewalk with a five-foot wide amenity zone landscaped with 15-foot tall shade trees placed at 30-foot increments.	N*

\*A condition of approval has been added requiring a covenant running with land to install the appropriate streetscape when determined appropriate by the City of Las Vegas.

***Pursuant to the Downtown Centennial Plan, this project is exempt from the automatic application of Title 19.10 parking requirements. The table provided below shows the potential parking loads that may be generated by this proposal.***

<b><i>Use</i></b>	<b><i>Gross Floor Area or Number of Units</i></b>	<b><i>Base Parking Requirement</i></b>		<b><i>Provided</i></b>	
		<b><i>Parking Ratio</i></b>	<b><i>Parking</i></b>		<b><i>Parking</i></b>
			Regular	Handi-capped

Commercial Recreation/A musement Facility (Outdoor)	5,352 SF	1:200	27			
			117	5		
<b>TOTAL</b>			122		0*	

\*The proposed use would typically require 122 parking spaces. The justification letter states that parking for this proposal is available in three public parking garages all located within a short walking distance. There are also 10 metered parking spaces located in front of the property, with additional on-street metered parking spaces available throughout the Downtown Entertainment Overlay District.

## ANALYSIS

- **Land Use and Zoning**

### Redevelopment Plan Area

The parcel is within the boundaries of the Las Vegas Redevelopment Area, with a C (Commercial) land use designation. The C (Commercial) land use designation accommodates the proposed uses, which are also in conformance with the Redevelopment Plan.

### Downtown Overlay District

Properties within the Downtown Overlay District are encouraged to develop complex, visually interesting and urbane walkable mixed-use environments. Therefore, proposals located within this overlay are exempt from the automatic application of the mandatory maximum building height, required building setback, maximum lot coverage, residential adjacency, standard landscaping requirements, and standard parking requirements in Section 19.08.040, Section 19.08.050, Section 19.08.060, Chapter 19.10, and Chapter 19.12.

### Downtown Centennial Plan Area (Fremont East)

The parcel is located within the East Fremont District of the Downtown Centennial Plan. The East Fremont District is the logical extension of the Fremont Street Experience eastward and includes casinos and supporting commercial, motel, and some residential uses. This transitional district is bound by the centerline of Las Vegas Boulevard on the west, the centerline of Ogden Avenue on the north, the centerline crossing of Eastern Avenue and Charleston Boulevard on the east and the centerline of Carson Avenue on the south.

*Downtown Entertainment Overlay District*

The subject property is located within the Downtown Entertainment Overlay District, which is intended to further the City's downtown redevelopment plans in the spirit of restoring downtown Las Vegas as a dynamic, vibrant center for the entire Las Vegas Valley. Creation of the district is also intended to adjust the zoning and licensing restrictions to encourage non-gaming blues and jazz nightclubs, comedy clubs, and other musical entertainment venues and sets forth signage requirements per the Downtown Design Review Committee (DDRC).

- **Site and Landscape Plan**

The site is located on a 0.32 acre parcel, adjacent to the east side of 7<sup>th</sup> Street, approximately 50 feet south of Ogden Drive. The proposal consists of the addition of a 5,352 square-foot outdoor performance area enclosed by ten-foot high wall to an existing two-story building with a gross floor area of 7,632 square feet.

Direct access is provided to the site from 7<sup>th</sup> Street, where 10 on-street metered parking spaces are provided with service access provided from a rear alley. The applicant is seeking to accommodate the parking requirements with the local hotel and casino parking garages and public parking garages located in the immediate area. The provided site plans do not show the required 10-foot wide sidewalk along with a five-foot wide amenity area showing shade trees planted at 30-foot intervals along 7<sup>th</sup> Street. A condition has been added requiring a covenant running with land to install the proper streetscape in the future.

Staff has added a condition to specify the size and species of trees in concordance with the Downtown Centennial Requirements (15-foot tall Southern Live Oak, Shoestring Acacia, or African Sumac shade trees).

- **Elevations**

The provided elevations depict a 24-foot tall, two-story building with an adjoining outdoor performance area enclosed by a ten-foot wall. The existing flat-roofed building is proposing to add a cornice, wooden simulated vigas extending from the exterior walls, and band of Spanish tiles that tie into the adjoining performance area. The exterior walls of the adjoining outdoor performance area will have a series of arches finished with smooth stucco consisting of three earth-toned colors and stained wood trim. The existing glass storefront will be refinished with an arched arcade while the windows on the second floor will have window box planters. The elevations and architectural detailing of the proposal provide a positive contribution to the area.

- **Floor Plan**

The submitted floor plans depict an open floor plan, with the exception of the two restroom located near the front entry. A bar service area is located at the rear of the building and a stage is shown at the center of the building. A second floor provides space for two offices, a small conference room, some storage area, and two restrooms. Three rolling doors are proposed between the enclosed Tavern-Limited use and the outdoor performance area.

There are additional access doors located at the front and rear of the existing building with emergency egress for the outdoor performance area located at streetside and into the alleyway.

## **FINDINGS**

In order to approve a Site Development Plan application, per Title 19.18.050 the Planning Commission and/or City Council must affirm the following:

1. **The proposed development is compatible with adjacent development and development in the area;**

The proposed development is compatible with the casino located across 7<sup>th</sup> Street to the west, the motels adjacent to the east and south, and the parking lot adjacent to north of the subject property.

2. **The proposed development is consistent with the General Plan, this Title, the Design Standards Manual, the Landscape, Wall and Buffer Standards, and other duly-adopted city plans, policies and standards;**

The proposed development is consistent with the C (Commercial) land use designation and the Tavern-Limited use with the accessory Commercial Recreation/Amusement Facility (Outdoor) is allowed upon approval of the related Special Use Permit (SUP-32171).

3. **Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic;**

Site access is provided directly from 7<sup>th</sup> Street, an 80-foot wide right-of-way, with service access provided from an alley way located at the rear of the building. The proposed development will operate mostly from pedestrian traffic that is generated in the Downtown Entertainment Overlay District and supported by multiple parking garages located in close proximity.

**4. Building and landscape materials are appropriate for the area and for the City;**

The proposed building materials are appropriate for the area and for the City. A condition has been added to ensure that the provided street trees meet the minimum requirements of the Downtown Centennial Plan Streetscape Standards.

**5. Building elevations, design characteristics and other architectural and aesthetic features are not unsightly, undesirable, or obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area;**

The provided elevations show an aesthetic improvement to the existing building that ties in seamlessly to the accessory commercial Recreation/Amusement Facility (Outdoor) use. Staff finds that the proposal will create an orderly and aesthetically pleasing contribution to the surrounding area.

**6. Appropriate measures are taken to secure and protect the public health, safety and general welfare.**

The proposed development will not impact public health, safety or welfare as the development will be subject to City inspections during construction and business operations.

**PLANNING COMMISSION ACTION**

The Planning Commission removed two conditions at the request of the applicant and staff. The Planning Commission had questions regarding any formal arrangements that may exist regarding shared use of parking within the entertainment district.
